Not Approved	0	Average Daily Ridership 1999-00	530
High School Graduates:		District Owned Operation	
High School Diplomas-Regular	91	* Certificates of Completion issued at a district level	
Other Completions*	0	** Limited English Speaking (LEP)	

Superintendent's Highlights

Malad Elementary was recognized as one of ten elementary schools in the state to receive "Merit" status. Student achievement is excellent because of on-going school improvement and a student teacher ratio of about 1/20.

Reading continues to be the top priority at Malad Elementary. 90% of the K, 1st, 2nd and 3rd grade students tested at or near grade level on the Idaho Reading Indicator. The remaining 10% receive intervention services through special education. Reading Recovery or Title I. Continued participation in Accelerated Reader, and periodic levels testing with STAR Reading help teachers and parents keep abreast of each students' reading needs.

This year the "Company Concept" was introduced into the vocational curriculum. In this Company, competency-based courses are taught in a simulated, professional business environment for students desiring career training in a certain area. Students are the employees and the executives in this professional training company. They choose their own area of specialization and exempt what they already know to prove competency, advance as fast as they desire in a career of their choice. They don't have to wait to learn. This is a complete shift from the traditional way of learning.

Progress Towards Meeting District Goals

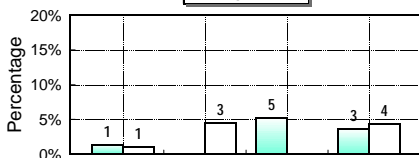

2000-01 Goals	Progress
Increase student achievement in reading and math.	90% of the elementary students are near grade level in reading. Math – 4 th grade students 1.3 gain in 8 months, 5 th grade 2.4 gain in 8 months.
Continue to evaluate and align 7-12 curriculum.	The secondary schools are aligning the social studies and science curriculums. The "Company Concept" was introduced in the vocational programs and was very successful. The 6 th through 8 th business curriculum was improved.
Continue to provide enhanced technology educational opportunities for students and teachers.	95% of the certified staff has met the State technology standards. The school district is continually updating technology equipment.
